

W E S T S

ENTERTAINMENT GROUP

Keeping our members & guests and our team members safe is a top priority, so we wanted to share the steps we're taking in response to the Coronavirus (COVID-19).

The COVID-19 situation continues to evolve rapidly. Based on current advice from NSW Health, Wests Entertainment Group is developing additional preventative measures to maintain a clean, healthy environment in our venues.

First and foremost, we've ramped up cleaning efforts. All our venues are cleaned daily, with sanitising solutions used in high-touch, high-traffic areas. We also have team members dedicated to cleaning key areas throughout the day and night. We have made available hand sanitisers in all venues that you are encouraged to use.

Secondly, we will ask team members who aren't feeling well to refrain from coming in to work. We will share a new policy with our team members that will provide extra flexibility to stay home, as well as pay options and support if they are affected by the virus.

The best way to protect yourself from COVID-19 is to follow these simple steps:

- Clean your hands with soap and water for 20 seconds or use an alcohol-based sanitiser, before and after eating and after going to the toilet
- Cover your nose and mouth when coughing and sneezing with a tissue or a flexed elbow
- Avoid close contact with anyone with cold or flu-like symptoms

As always, Wests Entertainment Group is grateful for the opportunity to serve you. Rest assured we are doing everything in our power to provide a safe experience for our members & guests and a healthy environment for our team members.

Sincerely

**Board & Management
Wests Entertainment Group**
